ADVANCE PRODUCT CHANGE NOTIFICATION

APCN: PCN155103

Date: December 15, 2015

Subject: 8-MBIT 3.0V Serial Flash Memory FL208K Product Lifecycle Update

To: General Inbox
NEWARK ELECTRONICS
Productchangenotices@newark.com

Change Type: Major

Description of Change:

The purpose of this notification is to give advance visibility on changes that Cypress plans to implement in the coming year 2016 for the 8-MBIT 3.0V Serial Flash Memory FL208K.

FL208K wafers are manufactured at a foundry that has informed Cypress they will not be able to produce further wafers for Cypress. Cypress has created buffer inventory sufficient to secure supply for customers through 2017. A detailed, final End of Life (EOL) PCN is planned to be delivered to all customers in Q2 of 2016.

This is an advance notification and no immediate action is needed.

Benefit of Change:

This transfer will enable Cypress to continue to meet its delivery commitments by having a continued supply from alternate qualified sources.

Affected Part Numbers: 7

Affected Parts: Refer to the attached 'Affected Parts List' file for the list of parts affected by this notice.

Approximate Implementation Date:

EOL PCN is planned to be delivered in July 2016, offering a six month last time buy.

Response Required:

This is an information only announcement. No response is required.

For additional information regarding this change, contact your local sales representative or contact the PCN Administrator at pcn_adm@cypress.com.

Sincerely,

Cypress PCN Administration
