

BLU-RAY LENS CLEANER

MODEL NO. 07465

Safely clean your Blu-ray player with CleanDr®. Combining an exclusive Zero-Clearance™ and 10-brush Cyclone Clean™ Process, CleanDr® is the No.1 laser lens cleaner solution in the US.

- Help fix or prevent Blu-ray discs, DVDs and CDs that don't play, load slowly, skip or freeze during playback
- Combines exclusive Zero-Clearance™ and Cyclone Clean™ Process for safe removal of dust, dirt and debris causing playback issues
- Cleaning the laser lens can extend the life of a Blu-ray player, while improving image and sound quality
- Included Home Theater Image & Sound Calibration Tools help maintain ideal audio and visual playback settings, with on-screen and voice instructions available in English, German, French and Spanish
- Also safe for standard DVD players, PS3, XBOX and XBOX 360 gaming systems and computer disc drives
