

# VISIO-SCOPE

## VISIO-SCOPE/L04K

Bundle of:  
 VISIO-EYE  
 VISIO-SCOPE-L04

**VISIO-SCOPE** from Visio-tek is a complete solution with a digital **C-Mount WI-FI** camera (**VISIO-EYE**) that allows you to wirelessly digitalize any traditional optical device in seconds. Visio-Scope is compatible with all microscopes.

Digitalize images and take measurements and photos from your standard optical device using your tablet, smart phone or PC with dedicated Apps and Software.

The images can be displayed on different devices simultaneously.  
 Proper adaptors can be provided.

- **Completely portable Wi-fi enabled**
- **User Friendly - applies in seconds**
- **Very cost effective**
