

CIT Dark Soul Gaming Case With USB3.0 and LED Fan

CIT Dark Soul gaming case, is an excellent solution for PC gamers with limited space, with its chiselled front panel look and with a steel mesh panel creating an excellent design feature to this case.

The side window and black coated interior and exterior enhances any LED lighting used within your system.

The cooling system consists of 1 x 120mm LED fan at the back, along with the internal cable management, allowing for increased airflow through your system, which will aid in cooling. The PSU intake comes from the external part of the case, at the bottom, thus aiding in the PSU running at its optimal temperature.

With the I/O Panel being situated at the top of the front panel, giving you easier access to the 1 x USB3.0, 2 x USB2.0 and HD Audio (Headphone and microphone), allowing for connection to a wide variety of devices.

Key Features

- **I/O port** - USB2.0 x 2, HD Audio and USB3.0 x 1
- **Fan** - 1 x 120mm Blue LED fan included at the back of the case.
- **Side window** - With a clear window it allows you to show off your internal components easier.
- **Top cover** - With dust filter included it will help keep dust and dirt away from your system.
- **Front panel** - With a steel mesh front panel creating an outstanding design.
