**Vishay Semiconductors** 

# High Performance Schottky Rectifier, 200 A

**PRODUCT SUMMARY** 

I<sub>F(AV)</sub>

 $V_{R}$ 

Package

Circuit

www.vishay.com

- 150 °C T<sub>J</sub> operation
- Center tap module
- Low forward voltage drop
- High frequency operation
- Guard ring for enhanced ruggedness and long term reliability
- UL approved file E222165
- Designed and qualified for industrial level
- Material categorization: for definitions of compliance please see <u>www.vishay.com/doc?99912</u>

The VS-200CNQ... center tap Schottky rectifier module series has been optimized for low reverse leakage at high temperature. The proprietary barrier technology allows for reliable operation up to 150 °C junction temperature. Typical applications are in high current switching power supplies, plating power supplies, UPS systems, converters, freewheeling diodes, welding, and reverse battery protection.

MAJOR RATINGS AND CHARACTERISTICS							
SYMBOL	CHARACTERISTICS VALUES UNIT						
I <sub>F(AV)</sub>	Rectangular waveform	200	А				
V <sub>RRM</sub>		45	V				
I <sub>FSM</sub>	t <sub>p</sub> = 5 μs sine	26 000	А				
V <sub>F</sub>	100 A <sub>pk</sub> , T <sub>J</sub> = 125 °C (per leg)	0.52	V				
TJ	Range	-55 to +150	°C				

VOLTAGE RATINGS						
PARAMETER	SYMBOL	VS-200CNQ045PbF	UNITS			
Maximum DC reverse voltage	V <sub>R</sub>	45	V			
Maximum working peak reverse voltage	V <sub>RWM</sub>	45	v			

ABSOLUTE MAXIMUM RATINGS										
PARAMETER		SYMBOL	TEST CONDI	VALUES	UNITS					
Maximum average	per leg				50.0% d h a da d T = 440.00 a da da da da da				100	٨
forward current See fig. 5	per device	I <sub>F(AV)</sub>	50 % duty cycle at T <sub>C</sub> = 116 °C	200	A					
Maximum peak one cycle non-repetitive surge current per leg See fig. 7			5 µs sine or 3 µs rect. pulse	Following any rated load condition and with	26 000	А				
		IFSM	10 ms sine or 6 ms rect. pulse	rated $V_{\text{RRM}}$ applied	1550					
Non-repetitive avalanch	e energy per leg	E <sub>AS</sub>	T <sub>J</sub> = 25 °C, I <sub>AS</sub> = 17 A, L = 1 mH		135	mJ				
Repetitive avalanche current per leg		Current decaying linearly to zero in 1 $\mu$ s Frequency limited by T <sub>J</sub> maximum V <sub>A</sub> = 1.5 x V <sub>R</sub> typical		20	А

# Disclaimer

ALL PRODUCT, PRODUCT SPECIFICATIONS AND DATA ARE SUBJECT TO CHANGE WITHOUT NOTICE TO IMPROVE RELIABILITY, FUNCTION OR DESIGN OR OTHERWISE.

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and / or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.

Except as expressly indicated in writing, Vishay products are not designed for use in medical, life-saving, or life-sustaining applications or for any other application in which the failure of the Vishay product could result in personal injury or death. Customers using or selling Vishay products not expressly indicated for use in such applications do so at their own risk. Please contact authorized Vishay personnel to obtain written terms and conditions regarding products designed for such applications.

No license, express or implied, by estoppel or otherwise, to any intellectual property rights is granted by this document or by any conduct of Vishay. Product names and markings noted herein may be trademarks of their respective owners.
