Rubber Resin Tape

TC485

Product Description

TC485 is a solvent-free hot melt rubber resin pressure sensitive adhesive.

Applications

- Bonding of plastics, metals, fabrics, and polyethylene sheeting
- Bonding lightweight insulation panels and kickplates
- Mounting lightweight trim

Typical Physical Properties

Property	Characteristic
Total Thickness (mil)	16
Peel Adhesion (oz/in)	700
Operating Temperature Range (F)	32° to 105°
Color	Translucent

Available Sizes

Width	Length
1/2"	49ft
3/4"	
1"	

NOTE:

1. When applying pressure sensitive adhesive films to any surface, be sure that the surface is free from oil or other surface contaminants such as powder, dust, or release agents. Adhesive performance should be carefully checked when used on substrates containing plasticizers.
2. The above values are "Typical Values" which have a nominal range about them and are not intended for specification purposes
