## Product/Process Change Notification < Production flexibility for C4AE Series >

|  |  |   |
|--|--|---|
| <b>Date, ID Number</b>                   | <b>Date:</b> March 03, 2017  | <b>ID Number (YYMMDD):</b> PCN-170303-GM_v0 |
| <b>Affected Product</b>                  | C4AE Series  |   |
| <b>Change</b>                            | <p>For increasing the flexibility and the support to the market the affected products produced before by KEMET Italy (Sasso Marconi, via Sagittario 1/3) will be also produced in KEMET Anting plant location in People's Republic of China (PRC).</p> <p>This will be achieved without impact to product form, fit or function as the product built in the Anting location are equivalent to those currently built in KEMET Pontecchio location in Italy with respect to performances, mechanical, quality and reliability characteristic, the only planned change is the resin colour that will be white for China and remain gray for Italy Plant. The new qualified location will comply with standardized control techniques, which meets stringent qualification testing to guarantee product performance.</p> |   |
| <b>Justification and Benefits</b>        | Such production flexibility in Anting plant will result in an enhanced capability to support KEMET Customers with same typology of products from an additional plant located in PRC.   |   |
| <b>Effective Date and Identification</b> | <p>First shipments from Anting shall take place after 1<sup>st</sup> of May, 2017.</p> <p>Without acknowledgement of this amendment notification by March 30<sup>th</sup>, 2017 KEMET will proceed to implement the change as described herein. Identification of parts from Anting plant will be possible though the "Made in" printed on the cartoon label and by the color of the resin</p>   |   |
