

Keysight's NEW BenchVue 2017 Software

Designed to simplify and accelerate measurements

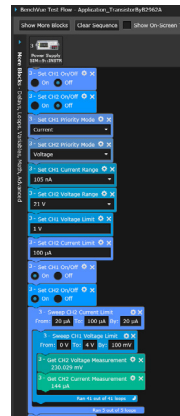

Keysight's New BenchVue 2017 software introduces powerful apps enhanced to make it even simpler to control, analyze measurements and quickly build automated tests with your Keysight instruments. With no need to program and an intuitive interface, this expandable software platform accelerates data capturing, measurement analysis and your overall workflow.

Do you need...

Intuitive Software, More Productivity, Faster Analysis, and Stronger Results?

Instrument Control

Easy Automation

BenchVue Software
Control. Automate. Simplify.

NEW BenchVue 2017 Control, Automation & Analysis Apps:

- Digital Multimeter (BV0001B)
- Function Generator (BV0002B)
- Power Supply (BV0003B)
- Oscilloscope (BV0004B)
- Data Acquisition (BV0006B)
- Power Meter (BV0007B)
- FieldFox (BV0010B)
- Universal Counter (BV0011B)
- Electronic Load (BV0012B)
- BenchVue Complete Control Collection (BV9001B)
- Includes all new BenchVue "B" model apps
- Exclusive access to powerful Spectrum Analyzer, Network Analyzer, and Signal Generator control & automation apps

Software Highlights:

- No instrument programming required.
- Configure the most commonly used controls and measurements from your instruments.
- Visualize multiple measurements simultaneously.
- Now included: Test Flow to build automated tests as quickly and easily as using your instrument front panel.
- Tighter integration with other Keysight software tools (Command Expert, IO libraries Suite).
- New instrument support. BenchVue connects to over 470 Keysight instruments and counting.

Keysight software licensing options provide flexibility and support.

Choose your type. Choose your term. Keep control of your budget.

BenchVue apps start at <\$100*. BenchVue Complete Control Collection starts at \$600*.

**Fixed, 1-year license option.*
