

FP3 - 3' Fish Pole

(Actual Size)

Extra Reach is as Convenient as Your Shirt Pocket

When you are pulling wires or cables over suspended ceilings or under sub-floors, you often need just a little more reach. That's when the new Greenlee FP3 Fish Pole comes in handy. The FP3 is a telescoping pole that extends to 3' long, but it collapses when you aren't using it to only 6-3/8" (162 mm) long. It even has a clip to hold it in a shirt or jacket pocket. The working end of the FP3 has a hook that is perfect for grabbing cables that are 3/4" (19 mm) or less in diameter.

The FP3 is made of 8 sections of stainless steel so it will extend and retract smoothly for many years. And it weighs only 1.6 oz (46 grams) so it won't weigh you down.

PRODUCT FEATURES

- **Stainless steel construction** for long life.
- **Hook can be used to install cables and wires** up to 3/4" (19 mm) in diameter.
- **Clip included** for easy storage in shirt pocket.
- **Self-contained**, no loose parts.
