

TS210^{COVER}

Padded slip-on cover for the Truesonic TS210

Defend your TRUESONIC TS210 against the inevitable bumps, scratches and dents that come from constant transport. This durable, padded speaker cover is tailored specifically for the TS210. It slips on easily and thanks to the bottom strap, stays in place regardless of orientation, making it ready to endure the tortures of travel. Cutouts on each side give you easy access to the speaker's handles, so it's not only protected, but also easy to carry.

All information is preliminary and subject to change.

FEATURES

- Padded cover protects the TS210 during transport
- Durable nylon construction, made to withstand constant use
- Easy slip on design - cover and uncover in seconds
- Bottom strap keeps the cover in place when transported horizontally
- Side openings for easy access to TS210's handles
