Party Mix DJ Controller with Built In Light Show

No matter what your skill level you can get any party started with the Party Mix! This is an amazing DJ Controller that connects directly to your laptop and lets you play and mix all of your favorite songs and videos with the included DJ software. Mix, blend and create just the right mood with this 2-channel DJ controller that empowers you to rock the house. Preview your mix in your headphones before you crossfade the music to your speakers—like a pro! With Party Mix, you can manually sync the beat (or auto sync) and blend your songs with your playlist.

With Party Mix's built-in light show you will shower the room with beat synchronized colorful light patterns, creating the perfect party atmosphere!
