Code:	05009315001	Weight:	87,82 g
Article-No.		Country of origin:	CZ
		Customs tariff no.:	82054000

- Screwdriver, for cross-recess screws, Pozidriv
- Smooth hard zones for high speed turning, soft grip zones for high torque transfer
- Handle markings simplify finding and sorting of tools
- Hexagonal anti-roll feature against rolling away
- Lasertip tips for more secure fit in the screw head

High quality Kraftform Plus screwdriver by Wera. Hard gripping zones for high working speeds whereas soft zones ensure high torque transfer for fast and low-fatigue working. The hexagonal anti-roll feature prevents any bothersome rolling away at the workplace and handle markings make for simplified finding and sorting of the tool. The tips of Wera Lasertip screwdrivers are microscopically roughened by means of laser beams. This rough surface literally bites into the head of the screw. Any unintentional slipping out is therefore a thing of the past.
