- Screwdrivers for recessed TORX® screws with safety pin
- Multi-component Kraftform handle for fast and ergonomic screwdriving
- Handle markings simplify finding and sorting of tools
- For TORX® socket screws with safety pin
- The Wera Black Point tip offers an exact fit and optimum corrosion protection

High quality Kraftform Plus screwdriver. Multi-component Kraftform handle for fast and low-fatigue working. TORX® BO screws have a protruding pin in their drive profile. This prevents any unauthorised loosening since the normal" hex tools cannot move these screws. Only special TORX® BO tools have a bore hole which can slip over the pin. The Wera Black Point tip and a complex hardening process ensure a long service life of the tip, enhanced corrosion protection and an exact fit. The hexagonal anti-roll feature prevents any bothersome rolling away at the workplace. Handle markings for simplified finding and sorting of the tool."
