

4-Port USB Hub - USB 3.0 - USB-A to 3x USB-A and 1x USB-C

Product ID: HB30A3A1CFB

Here's an easy way to connect a wider range of peripherals to your laptop. This 4-port USB 3.0 hub turns your laptop's USB-A port into three USB-A ports (5Gbps), and one USB-C™ port. The hub is USB powered, so you can connect devices virtually anywhere you work or go.

Now, you can use your laptop's traditional USB Type-A port to expand your connectivity, and connect your newer USB Type-C™ devices to your laptop.

Expand your USB connectivity

This USB 3.0 hub lets you expand your USB connection options using the USB-A port on your computer. (USB 3.0 is also known as USB 3.1 Gen 1.) It offers three USB-A ports and one USB-C port, so you can connect traditional USB devices now, while still being able to connect USB Type-C devices in the future.

It's the ideal way to connect your new USB-C equipped device to your laptop's traditional USB-A port.

Add USB ports to your laptop, anywhere you go

With a compact and lightweight design, the USB-powered hub is tailored for mobility. It easily tucks into your carrying case and expands your connectivity when traveling.

This versatile USB hub takes up minimal space on a desk, so you can use it in hot-desk or BYOD (Bring Your Own Device) environments.

Save time and money

The 4-port USB 3.0 hub can help if you need a way to connect your newer USB-C peripherals to your existing laptop. Now you can access your USB-C device while avoiding the cost of purchasing a newer laptop that features a USB Type-C port.

The bus-powered hub installs quickly with no additional drivers or software required, and it's compatible with virtually all operating systems.

The HB30A3A1CFB is backed by a 2-year StarTech.com warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Carry the hub with you while you're traveling, and connect virtually any USB peripheral wherever you go
- Perfect for home, office, and hot-desk environments
- Upgrade and expand the connection capabilities of your MacBook, Ultrabook, laptop, or desktop

Features

- Connect USB-C peripheral devices through your laptop's traditional USB-A port
- Add both USB-C and USB-A ports to your USB-A port equipped laptop, MacBook, Chromebook™, or desktop computer
- USB powered, with a compact design for easy portability
- Fast, easy installation with broad OS support and no additional drivers required
- Backward compatible with older USB 2.0 and 1.1 devices
- Compliant with USB 3.0 and data rates up to 5Gbps

Hardware	Warranty	2 Years
	Bus Type	USB 3.0
	Chipset ID	Genesys Logic - GL3522
	Fast-Charge Port(s)	No
	Industry Standards	USB 3.0 - Backward compatible with USB 2.0 and 1.1
	Interface	USB 3.0
	Ports	4
	USB-C Device Port(s)	Yes
	USB-C Host Connection	No
Performance	Maximum Data Transfer Rate	5 Gbps
	Type and Rate	USB 3.0 - 5 Gbit/s
Connector(s)	Connector Type(s)	3 - USB Type-A (9 pin) USB 3.0 Female 1 - USB Type-C (24 pin) USB 3.0 Female 1 - USB Type-A (9 pin) USB 3.0 Male
