

# Product Change Notification (PCN)

PCN Number	502541	Date Issued	May 10, 2017
Reason for Change	Capacity change or tool replacement		
Change Type Description	This letter is to inform you that another set of tooling is being added to meet the current and future demands of this product. There will be no changes in the fit, form or function from the additional tooling when compared to the current tooling.		
Reason for Short Notice	New Capacity		
Assessment of Change	Product will be fully qualified before it is shipped. Qualification reports are available upon request.		
Internal Molex Qualification Date	June 08, 2017		
Sample Availability Date (Changed Part)	June 08, 2017		
Planned Implementation Date	June 23, 2017		
Method of Identifying Change	Cavity identification		

## Before Change

### Overview-Before

- Molex Chengdu existing molds running production normally, but now faced capacity constrain.

## After Change

### Overview-After

- Molex will be adding the MX150 2x6 Blade TPA&CAP capacity tool to support increasing demand.
- The additional tooling will be qualified and production may be run in either Molex Chengdu or out-sourced to a local qualified molding vendor. Regardless of the location, production conditions will remain the same meaning the same raw material, from the same source, the same process monitoring system and the same quality control plan.
- Product Impact
  - no impact to fit, form or function
- Part Number Impact
  - Please see attached impacted parts list
- PPAP and samples available upon request
