BITMORE VR EYE HEADSET WITH BLUETOOTH REMOTE FOR 4 - 6.5-INCH SMARTPHONES

Experience the world of Virtual Reality with your smartphone. Watch 3D movies and play games like never before at anytime, anywhere, whether you are sitting, lying down or standing up. Fly through the Grand Canyon, play 3D games, travel the city streets of Paris or become a character in an animated film.

Made out of high quality materials with a rugged plastic enclosure for your smartphone and comfortable head straps that are adjustable. Put it up to your eyes then adjust the lenses and comfortable head straps to your liking. It's never been easier (or more affordable) to explore these vivid new environments from the comfort of your living room. Transform your device into a big screen cinema, play 3D videos and games.

Compatible with Android and iPhone smartphones on the market with screen size of 4" to 6.5" and where the phone does not exceed a length of 17.5 cm and a width of 9 cm. There are more than 300 Virtual Reality apps on the Apple App Store and Google Play Store for you to download and enjoy the immersive, fun and exciting world of VR. The Bluetooth remote is compatible with both Android and iPhone.

Designed for long usage with comfort in mind, the Bitmore Eye features soft padded contact foam around the eyes and forehead with adjustable head straps.

RRP £14.99
