# Lead-time Extension Notice

Lead-time extension on DB, DC and D4 series switches

Due to high demand, the lead time on the DB, DC and D4 series snap-action microswitches have been extended. We have begun expansions to our production capacity in order to rectify this current situation however these expansions will not be fully realized this year.

We apologize for any inconvenience and we ask that you place orders early to account for this additional lead time.

Lead-times are as follows for the following switch product series:

DC series without leads	Approx. 37 weeks
DC series with leads	Approx. 39 weeks
DB series	Approx. 23 – 29 weeks
D4 series	Approx. 23 weeks

Kind regards,

Ryan Eder  
Marketing Manager
