Important Safety Notice

It is the responsibility of the person installing the electrical equipment to ensure that the installation meets the requirements of the IET wiring regulations and is therefore ‘fit for purpose’. Factors such as correct selection of components, cable sizing, protective devices and Earth bonding are all critical and should be checked prior to full testing and power-up. Any other regulations applicable to the equipment being installed such as the Machinery Directive and current health and safety legislation must also be adhered to.

Terminals, including factory fitted, should be checked periodically to ensure correct tightness.

DO NOT USE POWER TOOLS ON THESE PRODUCTS

Features

- Under load operation
- Earth terminal included
- Captive +/- terminal screws
- Padlockable in OFF position (up to 3 padlocks)
- Lid interlocked with switch in position 1 and 2
- IP65 rating in all the enclosures
- Manufactured to IEC60947-3

Standards

IEC 60947-3

Approvals

UL Listed

Connection capacity

- Rigid cable (Cu) (mm²) 2x6
- Flexible cable (Cu) (mm²) 2x4

DIMENSIONS (175x151x95)
