EXAMPLE APPLICATIONS

- Optical Laboratories
- Chemical Laboratories
- Medical Rooms
- Dental Clinics
- Electrical Component Makers
- Jewellery Makers
- Watch / Metal Part Makers
- Shooting Clubs
- Special Education Institutes
- Golf Clubs
- Mobile Phone Service Shops
- Printing Shops
- Automotive Repair Shops

SPECIFICATION

- Model Name:**
9020 TOUCH
- Timer Settings:**
1 to 30 minute full range timer
- Tank Size:**
6.0L (MAX. fluid level 5.0L)
- Ultrasonic Frequency:**
35,000Hz
- Power Consumption:**
300WV
- Power Supply:**
(AC 220~240V 50/60Hz)
- Mains Fuse:**
3A
- Unit Dimensions (LxWxH):**
515x305x240mm
- Weight (Net):**
7.5kg (16.5lbs)
- Weight (Gross):**
8.6kg (19.0lbs)

9020 TOUCH

PROFESSIONAL ULTRASONIC CLEANER

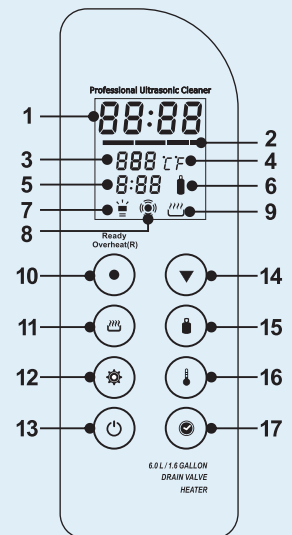

ULTRASONIC CLEANING MADE SIMPLE *for professional use*

- Large 6L stainless steel tank
- Two ultrasonic transducers (110W)
- Two ceramic heaters (40°- 60°C)
- Two cooling fans
- Touch screen control panel
- Full CE and RoHS approval
- Degas feature
- Drainage valve
- Solution usage timer
- Engineering grade plastic
- Quiet operation

Ultrasonic cleaners function by producing sound waves that are transmitted into the tank and cleaning solution. These waves create millions of microscopic bubbles, which collapse or 'implode', releasing large amounts of energy, which scrub the surface clean. This process is called 'Cavitation'. These tiny bubbles create incredible cleaning results not only to the surface, but by penetrating the finer detail and recesses in surgical instruments and small items to ensure a professional clean prior to disinfection.

The **9020 TOUCH** professional cleaner has two ultrasonic transducers to enable uniform distribution of ultrasonic waves. The touch screen control panel of the **9020 TOUCH** has a simple to use 1 to 30 minute full range digital timer. Set your required cleaning time and temperature and let the cleaner do the hard work for you.

The **9020 TOUCH** has a large stainless steel tank capable of holding an item as long as 34cm in length. There are a range of optional accessories available to suit your every need. The **9020 TOUCH** has an easy to use drainage valve, making it simple to empty the dirty water from the tank.

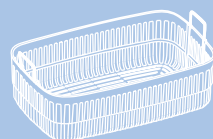

- Working Time Display
- Multistage Thermometer
- Set Temperature Display
- °C or °F Indicator
- Solution Usage Remaining Time
- Solution Warning Light
- Degas Status
- Normal Cleaning Status
- Heater Status
- Working Status
- Heater Button
- Function Button
- ON / OFF Button
- Decreasing Button
- Solution Usage Timer Set
- Temperature Set Button
- Timer Quick Set Button
