

November 1 2016

Product Transition

As of May 2017, any orders received will ship with a new case UPC for the 522BP-2. This is a case count reduction from 48 to 24

units of sale.

Although the transition will not impact your consumer sales, we understand this may have implications on your ordering systems. We have detailed the changes below. Please adjust your ordering and receiving systems to ensure the correct ordering information is updated. This product will not be available until the effective date of May, 2017 for shipping. Please do not make any changes to your systems that will generate orders for this product prior to that date.
