4 August 2017

Product Change Notice

Effective August 4, 2017 orders for WA-T247-101E and WV-T247-101E heatsinks will be shipped in quantities of 210 per box. Due to the growing demand for higher quantities per shipment, in the interest of cost reduction and waste reduction, Ohmite will institute the new box quantities for all backorders exceeding 210 units. New orders for these heatsinks should be placed in increments of 210 pieces. The packaging cost reduction has also allowed for lower pricing at higher quantities. The revised Price File (attached) offers 2 additional quantity breaks with price discounts.

Best Regards,

Brandon Metzger
Product Manager
