

Linksys SE2800 | 8-Port Gigabit Ethernet Switch

Easily connect more entertainment and office devices to your home network and enjoy Gigabit speeds

Key Features:

- Wired connection speed up to 1000 Mbps
- 8 Gigabit Ethernet (10/100/1000) auto-sensing ports
- Quality of Service (QoS) traffic prioritization
- Power saving features
- Plug & Play

The Cisco Advantage

- Cutting edge technology from the networking leader
- Best-in-class security
- 24/7 Award-winning customer support
- One year hardware limited warranty

POWERFUL HOME NETWORKING PERFORMANCE

Linksys SE2800 | 8-Port Gigabit Ethernet Switch

Plug & Play

This compact switch is designed to conserve desktop space and is easy to use – no configuration required. Simply connect computers, HDTVs, game consoles, media players and more, to instantly expand your home network.

Quality of Service

QoS traffic prioritization technology delivers high performance so you can enjoy smooth video streaming and gaming. Auto-sensing ports automatically optimize speed for each connected device.

Benefits of Gigabit

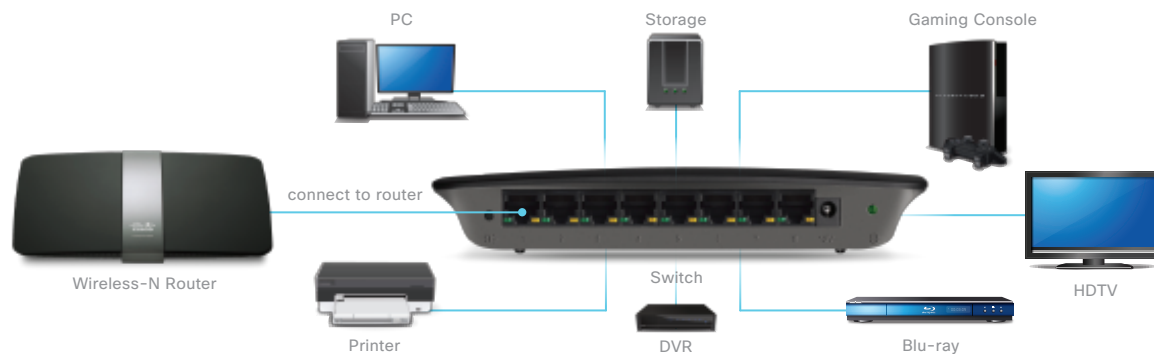

Upgrade your current Ethernet network to the power of Gigabit and improve your network performance. Get speeds up to 10x faster than standard Ethernet – perfect for quick file and media sharing between Gigabit devices.

Power Saving

Includes special power saving features for optimal efficiency.

- Auto power-down disables unused ports
- Port status switch to control LED lights
- Smart power for short cable runs

TECHNICAL SPECS

Model:	Linksys SE2800
Standards:	IEEE 802.3, 802.3u, 802.3x, 802.3ab
Gigabit Ports x speed:	8 x 10/100/1000
Power Saving:	• Cable connected detection • Cable length detection
Setup:	None required

MINIMUM SYSTEM REQUIREMENTS

Connected devices need Ethernet connectivity and Ethernet cables

PACKAGE CONTENTS:

- Linksys SE2800 8-Port Gigabit Ethernet Switch
- AC Power Adapter
- Quick Start Guide
