Using FM Transmitter function:

1. Plug the FM transmitter into your vehicle's cigarette lighter or power port.
2. Tune your radio to an unused FM frequency, then match the unit to the same frequency.
3. USB function: Insert a USB flash drive or Micro SD card containing MP3 files into USB port or memory card slot of this unit accordingly. It will play and transmit the MP3 files automatically.

4. Line-in function: Use the provided audio cable to connect an MP3/MP4 player or another external device to the AUX input of this unit. When using this function, please stop playback of USB or memory card. All functions are to be controlled by the external device.

Using Bluetooth function:

1. When using Bluetooth for the first time, you need to pair your mobile phone with this unit. Activate your mobile phone's bluetooth function, then search for new devices. When the mobile phone detects this unit (named as "CAR KIT"), please pair and connect by using the original password "0000"
2. In the music playing mode, when there is an incoming call, this unit will automatically switch to telephone mode.
Note: The Bluetooth icon displayed on the unit screen will stop flashing after the Bluetooth connects with your mobile phone.

Bluetooth calling

1. Press the red "Answer/Hang up" button in the middle of the keyboard to answer the incoming call.
2. Press the red "Answer/Hang up" button in the middle of the keyboard to hang up the call.
3. When making a call, you must dial the phone number on your mobile phone, but once the call is connected, you can use the handsfree function.

Using USB charger function:

When this unit is powered from the car lighter socket, connect the USB Charger port to your mobile phone using your USB cable (not included). This unit will serve as a mobile phone charger.

Going From Bluetooth to USB flash drive/ micro SD card

When the unit is playing the music from your mobile phone via Bluetooth, press the "pause" button in the right bottom of the keyboard. After 5-10 seconds (differs from operating system of Mobile phone), "Press CH key" appears on the screen, then press "CH" button on the right top of the keyboard. The unit will play the music from USB/ micro SD card.

MENU Setting:

When the unit is playing from the USB flash drive or Micro SD card, follow the below instructions to change the menu settings:

1. Press ▶/|| button to pause playing.
2. Long press "CH" button to get below menu list:
Card folder, Del file, Del all, Language, Contrast, Firmware version, Exit.
