BACKLIT GAMING KEYBOARD & OPTICAL MOUSE

V100

The V100 Gaming Set comprises an optical mouse and backlit keyboard. It offers everything a gamer could ever want: Solid build and loads of functions – plus it's fully customizable. You can assign specific functions and macros, which you can record and time yourself, to any of the

keyboard's 116 keys. And when it comes to the mouse, the optical sensor boasts several levels of adjustment from 250 DPI to 3000 DPI for when you need speed or precision on the battlefield.

► ADJUSTABLE 3000 DPI VPRO GAMING SENSOR

Precise down to the last pixel: With the latest generation of VPRO Gaming Sensor, accuracy is no longer left to chance. Adjustable from 250 DPI to 3000 DPI, and with an image-processing rate of 6400 FPS, it's the perfect match for your incredible skills.

► FULLY CUSTOMIZABLE KEYS

Customize it to suit: All keys on your V100 Keyboard are individually programmable, including with your own self-recorded and precisely timed macros – for a truly customized tool that obeys your every key press.

► MULTI-COLOR LIGHT SYSTEM WITH 16 MILLION COLORS

What does it do? It turns blue. Or green, or... Your V100 set has a multi-color light system which lets you customize the appearance of your mouse and keyboard in many different ways as well as to suit your preferences.
