

Part number - EVALSHSBV01I2CTOBO1

Description - DPS310 - SHUTTLE BOARD

EVAL SHSBV01-I2C

Description:

Infineon offers two types of shuttle boards that can be connected to Infineon wireless sensor hub 2.0. Both types of shuttle boards have four DPS310 barometric pressure sensors mounted on the board.

Summary of Features:

- Connects up to four DPS 310 sensors to Infineon wireless sensor hub 2.0 via I²C interface. (Ports one and two of wireless sensor hub 2.0)
- Dimensions: 19 x 11 mm.
