

Part number - KITDPS3102GSHV02TOBO1

Description - KIT DPS310 2G SHV02

KIT DPS310 2G SHV02

Description:

Infineon Wireless Sensor Hub 2.0 can read sensor values and transmit them to a PC via Bluetooth 4.0. or USB interfaces.

Summary of Features:

- XMC 4500 μ Controller,
- USB and Bluetooth Interfaces,
- Two ports with four I2C channels each
- One port with SPI interface
- Two independent Voltage Supplies for the Sensors
- LiPoBattery Controller
- 85mm \times 55mm footprint

Parametric

Parametric	KIT DPS310 2G SHV02
Product Name	KIT DPS310 2G SHV02
Configuration	XMC4500 microcontroller, USB and Bluetooth® interfaces, I2C and SPI interfaces for shuttle boards, LiPo battery controller, 85mm×55mm footprint
Family	Sensor
Target Application	Consumer
Qualification	Consumer
Type	Evaluation Board
Input Type	DC
Description	Infineon wireless sensor hub 2.0
