

COMBI-CUBE

Suspendable Multi-Socket Outlet

Perfect for use in workshops and offices.

The Combi-Cube is manufactured from a thermoplastic enclosure. Mounted on two of its four side faces is a 16 amp 110 volt BS4343 socket with a spring lid cover. Each socket is wired into a terminal block to enable the incoming cable to be easily wired. The incoming cable enters the Combi-Cube via the top through a compression cable gland and secured by an adjustable cord grip.

The Combi-cube is designed to be used with Marcaddy spring return cable reels: FT260, FT350, FT038 & FT046, and will provide a solution to many portable power requirements.

Part Number:

613006

Total max load:

16A 110V

Dimensions:

100mm wide x 190mm deep x 120mm high.

Weight:

0.50kg
