

## "Micro Cube" FlashPen, USB 3.0, 100 MB/s

- Removable storage medium with USB 3.0 technology that allows data to be written and erased as many times as is required, ideal for capacity expansion
- Especially small which allows inconspicuous integration on the front of the device
- Allows direct recording and playback of films in FullHD
- Very elegant zinc casing
- Ultra fast removable storage medium
- USB 3.0 super speed for even faster data transfer rates
- Especially suited as USB memory or for expanding the memory of notebooks
- Due to its compact design, the pen practically disappears within the USB interface, barely visible from the outside, and can remain in the car radio
- Just store your new favourite song on the USB flash drive and it is immediately ready for use on the way
- Suitable for terminal devices with a USB interface

### System Requirements:

- Operating system: Windows 10/8/7/Vista/XP and MacOS 9.x or higher

### Note for Consumers:

You will find the operating instructions for the "Micro Cube" FlashPen at [www.hama.com](http://www.hama.com) under item number 00124168.

USB 3.0 is suitable for all terminal devices with a USB interface and backward compatible with USB 2.0.

The reading speed of 100 MB/s can only be achieved with a USB 3.0 interface. If a USB 2.0 interface is used, the speeds differ.
