Sales information

Positioning

- The shortest 18 volt long-distance runner with impact drilling function

User benefit

- Extremely compact due to short design (only 195 mm) and low weight (only 1.9 kg) for perfect handling
- Integrated impact drilling function for drilling in masonry up to 13 mm
- Powerful 67 Nm due to newly developed gearbox design and new 4-pole Bosch high-performance motor – for up to 75 holes (6 x 50 mm) in masonry (test concrete in accordance with EN 60745-2-1-) with only one battery charge (18 V – 4.0 Ah)

Other features

- Innovative COOLPACK batteries ensure optimum heat dissipation and therefore increase lifetime by up to 100% (cf. Li-Ion batteries without COOLPACK)
- Bosch Electronic Cell Protection (ECP): protects the battery against overload, overheating and deep discharge
- 13-mm Auto-Lock drill chuck
- Integrated LED light for illuminating the work area, even in dark places
- Motor brake for precise work when driving rows of screws
- Practical belt clip for conveniently hanging the tool on a belt or ladder
- Ergonomically shaped handle with slim circumference and softgrip covering for low user fatigue
