## Cobra Drive HD CDR 835

### Protect Yourself with Superior Footage

The latest dash cam is the Drive HD range, Cobra CDR 835 has a built-in 2.0" wide screen LCD and an impressive ultra-wide 160° viewing angle. With 1080p Full HD video recording and built-in 3G axis sensor, CDR 835 produces gorgeous video quality and smooth playback. Record your ride with a Drive HD Dash Cam by Cobra.

#### KEY FEATURES

**1080p Full HD** - Records the road ahead in 1080P Full HD Video.

**Simplified User Interface** - Easy on the eyes and easy to use.

**2.0" LCD Screen** - Includes Mini HDMI output to directly play footage on your HD TV or computer (cable not included).

**160° Viewing Angle** - Ultra-wide viewing angle films the entire road and your peripherals.

**Easy Installation** - Includes an 8GB MicroSD memory card, vehicle power adapter, and suction cup windscreen mount so the unit is ready to use out-of-the-box.

**Night and Day Performance** - As most drivers aren't restricted to just daylight hour driving, CDR 835 delivers great performance and recordings from dusk till dawn.

#### PRODUCT ICONS

2.0" Display

160° Recording Angle

Full HD Recording

G-Sensor

Loop Recording

#### PRODUCT SHOTS

## PRODUCT FEATURES

**Parking Mode** - Parking Mode provides security while your vehicle is parked. If the dash cam doesn't sense any motion for a set time the screen will turn off and recording will stop. If motion is detected or the G-Sensor is triggered, the camera will automatically wake up and start recording again.

**SnapShot** - Snap a still photo at any time during a video with the all new SnapShot feature.

**Improved Video Quality** - Gorgeous 1080P Full HD video with an ultra-wide 160° lens. The road never looked so good.

**Action Cam Mode** - Improved battery life frees your dash cam from the confines of your windscreen. Switch to action cam mode to disable the G-Sensor and Loop Recording.

**Quick Release Mount** - Sliding mount allows for quick setup or teardown on any mount that uses a standard tripod mount screw.

**Multiple Video Resolution** - 1080p, 1920 x 1080 30fps.

**Supported Media** - 8GB included and supports up to 32GB max.

**Average Recording Time** - Records on an 8GB card for 1.7 hours at 1080p.

**Video Format/ Picture Format** - Save recordings in .mov/ Save pictures in .jpeg.

**Colour Effect** - Auto.
