

Cobra Drive HD CDR 855BT

Unbelievable Video Quality

The latest dash cam in the Drive HD range, Cobra 855BT has built-in 2.0" LCD screen and an ultra-wide 160° viewing angle. With 1080p Full HD video recordings and GPS location data through Bluetooth™ CDR 855BT delivers unbelievable video quality and smooth playback.

KEY FEATURES

1080p Full HD - Records the road ahead in 1080P Full HD Video.

iRadar Community - Bluetooth® enabled alerts to Red Light Cameras, Speed Cameras, Live Police Locations, and Shared Radar Alerts.

Bluetooth® Enabled GPS - Embeds exact location and time into video recordings. Free PC software allows you to view video along with location and G-Sensor information.

Simplified User-Interface - Easy on the eyes and easy to use. Available for sale worldwide.

2.0" LCD Screen - Includes Mini HDMI output to play footage on your HD TV or computer (cable not included).

160° Viewing Angle - Ultra-wide viewing angle films the entire road and your peripherals.

PRODUCT FEATURES

Parking Mode - Parking Mode provides security while your vehicle is parked. If the dash cam doesn't sense any motion for a set time the screen will automatically turn off and recording will stop. If motion is detected or the G-Sensor is triggered, the camera will automatically wake up and start recording again.

SnapShot - Snap a still photo at any time during a video with the all new SnapShot feature.

Improved Video Quality - Gorgeous 1080P Full HD video with an ultra-wide 160° lens. The road never looked so good.

Action Cam Mode - Improved battery life frees your dash cam from the confines of your windscreen. Switch to action cam mode to disable the G-Sensor and Loop Recording.

Quick Release Mount - Sliding mount allows for quick setup or tear down on any mount that uses standard tripod mount screw.

Quick and Easy Installation - With a 8GB Micro SD card included, plus two fixed windscreen mount options, Cobra CDR 855BT is ready to use out-of-the-box.

Action Cam Mode - Double up your dash cam as an action cam by releasing it from the windscreen bracket. With the enhanced power unit, battery life on the CDR 855BT is improved for action cam use.

Average Recording Time - On an 8GB card records at 1.7 hours at 1080p.

Media Supported - 8GB SD card included, supports up to 32GB max.

Video Resolution - Record in 1080p, 1920 x 1080 30fps.

PRODUCT COPY

Introduction (35 Words)	The new model has an 2.0" LCD screen, is ultra-compact measuring only 58mm in height plus has an extra wide 160° viewing angle delivering a full view of the road and peripherals without edge distortion.
Extended Introduction (74 Words)	The new model has an 2.0" LCD screen, is ultra-compact measuring only 58mm in height plus has an extra wide 160° viewing angle delivering a full view of the road and peripherals without edge distortion. As with other Drive HD Dash Cams, the CDR 855BT uses continuous loop recording, which maximises video storage by automatically deleting old video clips to make room for the new, so you don't have to worry.
Full Copy (97 Words)	The new model has an 2.0" LCD screen, is ultra-compact measuring only 58mm in height plus has an extra wide 160° viewing angle delivering a full view of the road and peripherals without edge distortion. As with other Drive HD Dash Cams, the CDR 855BT uses continuous loop recording, which maximises video storage by automatically deleting old video clips to make room for the new, so you don't have to worry. CDR 855BT also includes a G-senor, which senses sudden acceleration and collisions to automatically capture and protect critical footage before, during and immediately following an incident.
