Cobra Drive HD CDR 875G

Big Help In A Small Camera

Cobra CDR 875G allow drivers to protect their vehicle, relive their drive and share interesting footage by continuously recording video of the road ahead in 1080P Full HD video

KEY FEATURES

- 1080p Full HD** - Records the road ahead in 1080P Full HD Video.
- GPS Enabled** - Embeds exact location and time into video recordings. Free PC software allows you to view video along with location and G-Sensor information.
- iRadar Community** - Bluetooth® enabled alerts to Red Light Cameras, Speed Cameras, Live Police Locations, and Shared Radar Alerts.
- Simplified User-Interface** – Easy on the eyes and easy to use. Available worldwide.
- 2.0" LCD Screen** - Includes Mini HDMI output to directly play footage on your HD TV or computer (cable not included).
- 160° Viewing Angle** - Ultra-wide viewing angle films the entire road and your peripherals.

PRODUCT FEATURES

Parking Mode - Parking Mode provides security while your vehicle is parked. If the dash cam doesn't sense any motion for a set time the screen will turn off and recording will stop. If motion is detected or the G-Sensor is triggered, the camera will automatically wake up and start recording again.

SnapShot - Snap a still photo at any time during a video with the all new SnapShot feature.

Action Cam Mode - Improved battery life frees your dash cam from the confines of your windscreen. Switch to action cam mode to disable the G-Sensor and Loop Recording.

Quick Release Mount - Sliding mount allows for quick setup or teardown on any mount that uses a standard tripod mount screw.

Supported iRadar App - Interface with the smartphone app, makes iRadar the most intuitive and easy-to-use radar detector.

Language Select - Select from 1 of 8 languages (Not all languages have a user manual to support).

Real Time Alerts - iRadar can instantly update the location of speed trap zones and mobile sites.

Connect Via Bluetooth® - iRadar-based features require connection to a Bluetooth® Smart ready device and the Cobra iRadar app.

Multiple Recording Resolution - Record in either 1080P 30fps, 720P 60fps or 720P 30fps.

Continuous Loop Record - Never miss a moment with the continuous loop recording.
