

Snooper 4Zero Elite

The Elite Speed Trap Detector

Offering the very best in speed trap detection, new Snooper 4Zero Elite brings together fixed camera locations and mobile laser/radar gun detection into one brilliant device. Helping to keep drivers within the speed limit and free of speeding tickets.

KEY FEATURES

Directional Speed - Snooper 4Zero Elite NEW feature only alerts the driver to hazards on your side of the road and in your direction of travel.

Smart Mute - Smart Mute enables you to receive only visual alerts if you are travelling below the posted speed limit as you approach a fixed camera location.

Auto Range - Automatically adjusts the distance from which the device starts to alert to a speed camera location dependant on the speed the vehicle is travelling.

Europe-wide Coverage - Snooper 4Zero Elite database includes the locations of fixed GPS camera across Europe. Please check local laws for legality.

Laser and Radar Detection - Receive advanced warnings of mobile speed camera locations plus alerts to active Gatso cameras with the built-in laser and radar detector.

Fixed GPS Speed Trap Detection - Accurately alerting drivers to the presence of all 'fixed' speed traps such as Gatso, Truvelo and Watchman cameras, as well as motorway SPECs, average speed cameras.
