SPECIFICATION

Model Name:
 ULTRA 7050

Timer Settings:
 5 time settings; 90s - 480s (8min)
 with automatic shut-off

Tank Size:
 750ml (MAX. fluid level 600ml)

Ultrasonic Frequency:
 42,000Hz (42 kHz)

Power Consumption:
 50W Max

Power Supply:
 AC 220-240V 50Hz

Mains Fuse:
 3A

Unit Dimensions (LxWxH):
 200x192x145mm

Weight (Unit only):
 1.2kg (2.65lbs)

Weight (NET):
 1.25kg (2.75lbs)

Weight (Gross):
 1.9kg (4.18lbs)

ULTRA 7050

CORDLESS ULTRASONIC CLEANER

for home and professional use

- Detachable body for safe and convenient filling and emptying of the tank
- Digital timer with 5 time settings
- Large 750ml stainless steel tank
- Basket for smaller items, CD/DVD's holder and Watch/Earring stand included
- Full CE and RoHS approval

Ultrasonic cleaners function by producing sound waves that are transmitted into the tank and cleaning solution. These waves create millions of microscopic bubbles, which collapse or 'implode', releasing large amounts of energy, which scrub the surface clean. This process is called 'Cavitation'. These tiny bubbles create incredible cleaning results not only to the surface, but by penetrating the finer detail and recesses in jewellery and small items to restore them to their former glory. The control panel of the Ultra 7050 cleaner has a simple to use Digital Timer. Set your required cleaning time to one of the five pre-set times between 90 seconds and 8 minutes and let the cleaner do the hard work for you.

The tank is housed in a detachable case to make it easy and convenient to fill and empty.

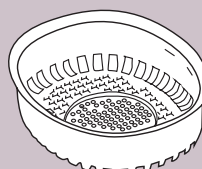

Despite the compact size, the Ultra 7050 has a large 750ml tank. The basket will carry many small items, saving time and keeping them secure. CD/DVD's can also be cleaned using the holder.

Another useful addition is the Watch/Earring stand that allows your valuables to be securely placed while cleaning.
