

WL-700N-ART

802.11n Wireless USB Adapter + Antenna

Extend your Wireless reach.

Need to extend your Wireless range and speed on your existing Notebook or PC, quickly and economically?

The new Dynamode **WL-700N-ART** is an ultra-compact and stylish USB2.0 adapter which brings the latest 802.11n (150Mbps) Wireless Speeds and Range, but its unique in that it includes a high-power Wireless Antenna which up to now have only been incorporated on Access Points and PCI Cards. Enjoying up to x4 the Wireless speed and range than regular Wireless USB adapters, the **WL-700N-ART** offers astonishing performance.

The easily replaceable Antenna allows even greater Wireless distance to be achieved without the need to change any hardware and even higher power antennas (SMA, screw type) are freely available from many 3rd party vendors. Fully Windows™ Vista™ and Windows™7 support together with MAC OS X™ support and bundled with Site Survey software (Windows™ only), the new **WL-700N-ART** is your number one choice for mitigating your Wireless dead-spots at a very low price point.
