

Labelling software

TagPrint Pro 3.0

Easily import a variety of image types into the label design. Use any Windows based font in the label design for complete customization. Layer objects like professional page layout programs. Rulers on top and side allow for exact placement of object. Easily change text colour, fill colour and border colour to make text stand out and accomplish "full reverse" printing. Allow text characters to be stretched or compressed to almost any height or width. Draw lines, circles and boxes on the label as a simple way of making the label look more professional.

Features and Benefits

- Alphanumeric sequences
- Print to multiple printers at one time
- Save jobs in a queue and print all at one time with "Print later" function
- Print faster
- Connect or import directly from other databases including Excel, Access, text files
- More bar code types
- Inverse, flip, and mirror image options for graphic images
- Multi-lingual
- Print log available
- Manually adjust font size to 1/10 of a point
- Customize height and width of characters
- Customize line spacing
- And much more!

The easy to use software speeds up production of markers, labels and identification tags.
