

Dual Conductor Fabric Wrist Straps

For use exclusively with the 722 Workstation Monitor and 721 Wrist Strap Monitor. These wrist straps have all the standard features including segmented strain relief and the comfortable, conductive 3M fabric band in visible, bright colors. The dual conductor ground cord and wrist band permit monitoring resistance to ground of the operator.

Three color-coded sizes are available: small for wrists from 4.5 in. to 6 in. (114 mm to 152 mm) in circumference; medium for wrists from 5.5 in. to 7.25 in. (140 mm to 184 mm); large for wrists larger than 6.5 in. (165 mm).

The 2368 Dual Conductor Adjustable Fabric Wrist Band ensures a comfortable, custom fit. One size adjusts to any size wrist to provide reliable skin contact. Adjustability also simplifies ordering procedures and inventory control by eliminating the need to order and stock several size bands.

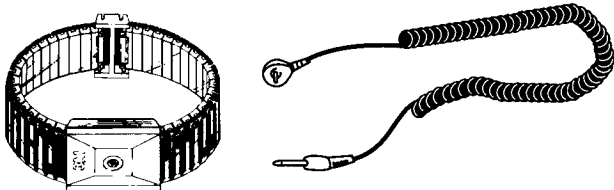

Product No.	Description
2361	Pink Dual Conductor Fabric Wrist Strap. Includes band and 5 ft. (1,5 m) cord. (Small)
2362	Turquoise Dual Conductor Fabric Wrist Strap. Includes band and 5 ft. (1,5 m) cord. (Medium)

Product No.	Description
2360	Dual Conductor Coiled Cord, 5 ft. (1,5 m) practical length.
2370	Dual Conductor Coiled Cord, 10 ft. (3,0 m) practical length.
2371	Dual Conductor Coiled Cord, 20 ft. (6,0 m) practical length.

Disposable Shoe Grounding Strap

Velostat Disposable Shoe Grounding Straps provide a reliable path for static charge to drain to ground when personnel are wearing shoes with insulative soles.

Especially desirable in work situations where workers must move around – wave soldering, automatic insertion, or operation of sensitive computerized equipment.

Note: The 2045 Velostat Shoe Grounding Strap is not to be used in areas where the individual may come in contact with electrical circuitry exceeding 120 volts.

Product No.	Description
2045	Disposable Shoe Grounding Straps. (100 per box). One size fits all low cut shoes.
