

Product Change Notification

Date of Publication:

February 28, 2018

PCN Devices:

Product	Model	Device ID
ARTIK530s	SIP005AFS30	SIP-005AFS302
ARTIK530s 1G	SIP005AFS30	SIP-005AUS332
ARTIK710s	SIP007AFS00	SIP-007AFS002

Description of Change:

Manufacturing site change

In order to ensure a continuous supply of ARTIK devices, SAMSUNG will now manufacture these products using other SAMSUNG qualified manufacturing site listed in the table below. The new site has been certified equivalent for the affected products and technologies of this change.

Change	As-is	To-be
SMT site (ODM)	Korea	Vietnam
Others	Not changed	

Schedule:

Milestone	Date
CS sample ready	February 14, 2018
First mass production begin	March 1, 2018

Customer Impact of Change and Recommended Action:

ARTIK team anticipates no impact to customers. No further action is required. The new manufacturing site of SMT and Router will be using the identical manufacturing process as the existing manufacturing sites to produce ARTIK modules.

Please contact your local sales office or distributor if you require more information. We will notify you again when the plan is changed.

Sincerely,

IoT Business Team / Samsung Electronics Co., LTD
