RFI EASFD

## Before Change

### Impacted Products Pictures

## After Change

### Overview

- Molex ChengDu will add manufacture source to run the parts at the local qualified molding vendors, qualify the mold and able to run the production in both locations Molex Chengdu & local qualified molding vendors under the same condition which means the same raw material from the same source, the same process and the same quality control plan.
- For the quality and process control, Molex Chengdu engineers will follow very closely because we will manage our external vendor like an extension of Molex Chengdu and with the same process management and quality management. Chengdu Mold Team and Quality made specific procedure to audit/manage the vendor and their manufacture process, And the vendor only produce components. All finished parts are assembled in Molex plant
- Product Impact
  - No impact to fit, form or function
- Part Number Impact
  - Please see the attachment
- PPAP and samples available upon request
