

Screwdriver (Slim) for cross-recessed screws

MPN: 98 25 02 SL

Description:

- Reduced blade isolation diameter for recessed spring and screw elements
- Ergonomically optimized dual component handle for fatigue reduced work and optimum transmission of force
- Handle design prevents rolling
- Chrome vanadium molybdenum steel

Technical details:

	Part No.	98 25 02 SL
	EAN	4003773079781
	Tip	burnished
	Handle	insulating multi-component handle, VDE-tested
	Size	PZ 2
	Blade length	100 mm
	Length of non-insulated blade	18 mm
	Handle length	112 mm
↔	Length	212 mm
⚖	Net weight	94 g

- Reduced blade isolation diameter for recessed spring and screw elements
- Ergonomically optimized dual component handle for fatigue reduced work and optimum transmission of force
- Handle design prevents rolling
- Chrome vanadium molybdenum steel.
