Part Number Update

Previously, the TDK ordering codes for some parts were used in a short format. TDK is now including these internal codes (full part number as part of the ordering code). This update has no impact on the product form fit and performance.

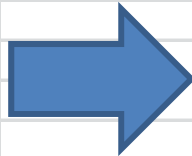

Previous Part number (Short format without Internal codes)

Example : MMZ1608R301C

New/Updated Part number format (with Internal codes)

Example : MMZ1608R301C**TA00**
