

MPN	Description
S0718040	Dymo 12mm Black On White Permanent Nylon D1 Tape

Overview

This D1 tape uses a Nylon material which is suitable for labelling cables and other curved surfaces. This is the only Dymo D1 label suitable for that purpose. For a much wider range of Nylon and other labels suitable for cable marking see the Dymo Rhino range of printers and labels, as they are specifically designed for that purpose.

This black on white 12mm x 3.5m permanent flexible nylon tape is for use with Dymo LabelPOINT 100, 150, 200, 250, 300, 350 legacy label makers, and the LabelMANAGER 100+, 120, 150, 160, 200, 210, 220, 280, 300, 350, 360, 400, 420, 450, 500TS, PC, PCII, PnP, PnP Wireless label printers.
