productinformation

tesa[®] Professional 4024 Universal carton sealing tape

tesa[®] 4024 is a universal carton sealing tape that comprises a substrate of PP film coated with a special adhesive mass of acrylate (HiTack). The solvent-free sealing tape is especially known for its particularly high adhesive strength, which allows packages to be sealed securely immediately after application. Furthermore, the carton sealing tape can be handled easily by all tesa[®] manual dispensers, allowing it to be unrolled with very little noise. Due to its high level of resistance to UV light, ageing and temperatures, the adhesive tape offers an extended service life.

Main Application

Packaging and closing * Sealing of light and medium-range weight cartons
