Stainless Steel Pocket and Folding Utility Knives

DESIGNED FOR THE PROFESSIONAL.

Professional Knives

Introducing Greenlee's **NEW** line of professional knives designed for the trades. Included in the new line are six knives developed with Old Timer®, expert knife-makers and a brand of knives prized by generations of Americans for their reliability, durability and value. All of these products, designed specifically for the professional, are exclusive to Greenlee.

Also included in the line are two **NEW** folding utility knives to address the need for repetitive cutting applications that require blades to be replaced on a frequent basis. These new knives are designed for rugged use on job sites and include features with the professional in mind.

Folding Utility Knives

Our folding utility knives will provide high value to professionals needing the convenience of a folding pocket knife with the replaceable blade capability of conventional utility knives. Additional quick-change and locking features will ensure that jobs will be faster, safer and easier.

Greenlee Knives by Old Timer®

Our **NEW** pocket knives continue Greenlee's tradition of offering high quality tools for the trades. Each of the folding pocket knives and fixed blade knife include quality Schrade® blades made from premium-grade high carbon 440C steel alloy—one of the hardest and strongest types of stainless steel with excellent edge retention and corrosion resistance properties.
