# Part No. 82-4151.2116, Illuminated Pushbutton

16mm, Illuminated Pushbutton, Stainless steel, Flush/Flat, Plug-In Terminal, Silver Contacts, Maintained, Ring Illumination, Red LED, 230VAC

| Specifications   |                               |
|------------------|-------------------------------|
| Actuator         | <u>Illuminated pushbutton</u> |
| Size             | 16 mm                         |
| Action           | Maintained                    |
| Illumination     | Ring Illumination             |
| LED Color        | Red                           |
| LED Voltage      | 230 VAC                       |
| Contact Type     | SPDT                          |
| Contacts         | SPDT                          |
| Contact Material | Silver Contacts               |
| Actuator Color   | Silver                        |
| Mounting Type    | Panel Mount                   |
| Terminal         | Plug-in terminal              |

|                                           |                          |
|-------------------------------------------|--------------------------|
| Housing Material                          | Stainless steel          |
| Switching Function                        | On-Off                   |
| Environmental Rating                      | IP65, IP67               |
| Impact Resitance (According to IEC 62262) | IK 10                    |
| Mechanical Life                           | 500 000 switching cycles |
| Operating Temperature [Min]               | -30 °C                   |
| Operating Temperature [Max]               | 70 °C                    |
| AC Contact Current Rating                 | 3 A                      |
| DC Contact Current Rating                 | 1 A                      |
| AC Voltage                                | 240 V                    |
| DC Voltage                                | 240 V                    |
