Description and Purpose:

This final product change notification is to inform the assembly manufacturing transfer of the affected parts of package type QFN20 4X4 for Wireless Connectivity Solutions products from SPEL Semiconductor Limit to UTAC Thai Limited Site 3. This change is to allow better management of the supply chain to meet customers' demands. With the transfer, the BOM is changing from SPEL to UTAC, and the BOM at UTAC are standard material. The package case outline is not affected by this change. The product marking will change to be compliant to ON Semiconductor's marking specification as illustrated below.
