

# HDMI EXTENDERS

## 50m Wireless HDMI Extender

This HDMI wireless extender kit includes a transmitter unit and a receiver unit and allows you to transmit a HDMI signal up to 50 metres away wirelessly. It has strong anti-interference ability by running at 5GHz operation frequency and supports point to point connection. IR passback with 20-60KHz frequency enables you to remote control the source device from the receiver side.

### Specification

- Max resolution: 1080p 60Hz
- HDMI Compliance: HDMI v1.3
- HDCP Compliance: HDCP v1.2
- Maximum transfer rate: 10.2Gbps
- 5.1 ~ 5.8G Wireless transmission
- Maximum distance: 50m

The maximum wireless range is dependent on a direct line of sight between the transmitter and the receiver. Obstacles such as walls, ceilings or electrical equipment will reduce this range.
