

Belt B 4 Zyklop socket set, 3/8" drive, 9 pieces

Zyklop Accessories, 3/8"

EAN:	4013288194978	Size:	320x78x52 mm
Part number:	05003973001	Weight:	610 g
Article number:	Belt B 4	Country of origin:	TW
		Customs tariff number:	82042000

- 9-piece socket set on a robust textile belt, 3/8"
- For manual and power tool operations (non-impact)
- Smooth Twist to Unlock mechanism for a secure fit and simple removal of the sockets
- Take it easy tool finder with colour coding according to sizes
- Suitable for attachment to a wall, shelf, tool trolley and to the Wera 2go System

Typically Wera designed robust textile belt with 9 sockets taking up minimal space. A smooth turning Twist to Unlock mechanism ensures a secure fit and simple removal of the sockets. Comes with „Take it easy“ Tool Finder with colour coding according to size to enable the right tool to be selected easily and quickly. Includes a snap hook for secure fastening to a belt loop or pocket. Supplied with a nonwoven reverse side and hook and loop strips for simple attachment e.g. to a wall, shelf, tool trolley and to the Wera 2go tool transport system.

Wera Belts

Whoever would have thought that the storage of sockets could be completely revolutionised and that someone could come up with a stylish belt with securely attached sockets that can still be easily removed.

Practical nonwoven strips

The textile belt can be attached by means of the nonwoven reverse side e.g. to a wall, shelf, tool trolley and to the Wera 2go tool transport system.

Comes with convenient snap hook

The robust textile belt can be secured to a belt loop or pocket by means of the snap hook.

Secure hold and easy removal

The all new smooth turning mechanism guarantees both secure and rattle-free storage, yet allows easy removal of the tool.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.

Zyklop Accessories

We did not just want our creativity to end with the ratchets themselves so we also occupied ourselves intensively with ratchet accessories. That is why our users are now provided with an extension with freely spinning sleeve and flexible lock to enable more secure and more rapid screwdriving. The sockets have been completely redesigned: we wanted to spare the user the need of having two different series – one for manual and the other for power tool applications. And: we wanted to enormously simplify the task of finding the right sizes. Technically, our own ambitious goals represented a real challenge: to endow sockets with the advantage of the holding function on screwdrivers and bits. We succeeded in this!
