

12 49 21

Spare blades block for 12 42 195 Automatic Insulation Stripper

PATENTED

Patented mechanics

The incision depth of the stripping blade adjusts fully automatically to the diameter of the wire and accordingly also to the thickness of all standard insulating materials. There is no need for any manual adjustment which is still necessary when other conventional pliers with a wide wire-stripping range are used.

Mode of operation of straight cutters

An incision is made in the red area only.

Not suitable for highly-flexible or armoured insulation materials or for multi-layered insulation.

Article No.	12 49 21
EAN	4003773057581
Stripping capacities in square millimetres mm ²	
AWG	
	1
Length mm	
Net weight g	87

Wire cutter for multiple stranded wire cables up to 10.0 mm²

Steel clamping jaws avoid slipping of the cable

Precise stripping from 0.03 to 10 mm² without re-adjustment

technical change and errors excepted
