

# Professional soldering irons WP25, WP30, WP35 series irons

- Ideal for a wide variety of electronic tasks
- Interchangeable heater elements - single handle plus three different heating elements gives the user a trio of irons for different jobs
- Quick change knurled collar makes changing heater simple
- Lightweight handle with cushioned grip
- For additional safety, all irons come with 3-wire power cord
- Irons use ST series iron plated tips for long life and greater soldering efficiency
- IMPORTANT: Use only Weller tips
- ST series tips listed on page Weller 63
- See iron fume extraction adapter kit table on page Weller 27
- UL listed
